## *Okay, Christmas is coming . . .*

. . . and maybe the economy and everything else in the world is not exactly the way we would like it to be. But look, we're still cleaning clothes, you're still looking good and we're still able to support the Unity Shoppe, the Ballet and others. So maybe not quite as much as we used to, but we're certain things will get better, and working together they're bound to — in fact we believe it's **guaranteed**. So a very *Special Holiday Greeting* to everyone and together let's make 2010 a better year!

*Happy Holidays*

*December, 2009*
