Happy New Year!

We hope 2008 is starting off as wonderful for you as it is for us!

Ablitt's Fine Cleaners and Launderers is honored to announce that we have now met or exceeded all certification requirements and is now an accredited member of the prestigious *America's Best Cleaners™* organization. And while that really makes us proud it also reminds us just how important it is that we work to stay focused to maintain these standards and continue to provide you the best service and quality product you have come to expect from us.

...And thanks again for being such great customers!
