Most people think dry cleaners just clean clothes

They really do much more. For example today they are busy getting ready for all the up coming proms, graduations and weddings. It's their job to make sure all the fancy gowns, tuxedos and everything else are there and ready for the big event. Just like in November when they make sure all the table linens are crisp and clean for Thanksgiving and in January when they really get swamped cleaning up after the party. So they play a much bigger role than just cleaning clothes. They're making sure the show goes on. And by the way, Ablitt's wants to wish the very best to all the prom goers, wedding participants and those about to graduate.

And thanks for wearing clothes.
